VILLA'S FORCE IS MOVING SOUTH TO ATTACK ZACATECAS

Railroad Line Repaired and Rebel Army Is Now Under Way.

MEDIATORS TAKE A DAY OFF

Suspend Sessions to Attend a Garden Party for Governor General of Canada; Speakers at Peace Conference Praise Big Victory for Arbitration.

By Associated Press.

EL PASO, Tex., May 27.—Reporters from the press today said that General Villa's forces were making haste in preparation for an assault on the capital of the state of Zacatecas. It was asserted that the railroad from Torreon, Villa's concentration point, had been repaired, nearly to the next point of attack.

Already troops in large numbers have set south along the repaired railroad and all possible reinforcements have been rushed into Torreon from Saltillo, recently taken by the Constitutionalists.

The latest to arrive was the command of General Robles, numbering 3,500 men originally left to garrison Saltillo.

MEDIATORS SUSPEND WORK; GOING TO A GARDEN PARTY.

By Associated Press.

NIAGARA FALLS, Ont., May 27.—The mediation body, composed of the South American sevays and the American and Mexican delegates, suspended their work here today and will return to their party this afternoon to Toronto under the direction of the governor general of Canada. His Royal Highness, the Duke of Connaught, the Duchess and the Princess Patricia, the latter two regular conference are contemplated.

No one of the official party was here to receive the announcement from Washington today that the representatives of the rebels had taken steps to reopen the question of representation in the mediation. Rumors to similar effect were circulating in the city, but the mediators have not as yet received any confirmation. No regular conferences are contemplated.

Although there have been no discussions on the subject it is known that one of the ultimate objects of the conference here is to prevent if possible the dissolving of the Mexican Constitutional force.

CONSTITUTIONALISTS WOULD ENTER MEDIATION CONFERENCE.

By Associated Press.

WASHINGTON, May 27.—Representatives sent from Mexico City have taken steps to reopen the question of representation at the Niagara mediation conference.

John Lind and C. A. Douglass, legal representatives of the Constitutionalists, held what was termed a neutral conference early today and later went to the State Department to talk with Secretary Bay. They had gone to the United States to confer with members of the foreign relations committee. Their conference was on that account deferred until later in the day.

HISPANYA INSISTS THAT HE RETIRE WITH DIGNITY.

By Associated Press.

MISSING AVIATOR SAFE.

By Associated Press.

GUSTAVE HAMEL Was Picked Up in English Channel by Fisherwoman.

NEWCASTLE, Eng., May 27.—The young man who had been given up as lost in the English channel last Saturday from a fishing boat about 10 miles off the coast of Kent was found safe yesterday.

The fishing boat which saved Hamel was a foreign vessel which has been driven out of her course and thus caused the delay in giving information to the rescue of the aviator.

GRIFFITH ASKS NEW TRIAL.

By Associated Press.

Monessen, Pa., May 27.—Motion for new trial in the case of Griffith, the English aviator, was filed by his attorney for the death of William Johnson, a music teacher, was made today.

The defense protest against the cross charge to the jury and the demonstration in the court room, in them among the reasons for a new trial.

Fisherwoman Fleed. Finally, Tom Nelson Anderson and William Prinkewell, both of near Mill Run, were given a hearing yesterday afternoon by Alderman Eugene O'Donnell and fined \$50 each for violating the state fish laws by using a dip net within 10 and 20 feet from the Indiana Creek reservoir.

DEPARTMENT OF LABOR IS SEEKING WORK FOR IDLE

Hopes to Solve Problem of the Unemployed by Scaling Them to Western Farms.

By Associated Press.

WASHINGTON, May 27.—Acting on information of Charles L. Dougherty, labor minister of the Oklahoma, that from 12,000 to 15,000 men would be required to help harvest and thresh the wheat crop in that state, Secretary Wilson today ordered bulletins placed in postoffices throughout the country describing Oklahoma's needs.

Inquiry has been made of state officials in Kansas, Nebraska, North and South Dakota, Iowa, Wisconsin, Missouri and Minnesota about their requirements for extra help during harvest time.

Commissioner Dougherty stated in a telegram to Secretary Wilson that wages in Oklahoma would be from \$2 to \$2.50 a day with board, and that of the 12,000 or 15,000 men required for the wheat harvest, 85 per cent would find additional employment handling the forage crops, promising four to six months work.

WOMAN'S WORD FAILS

Jury Rejects Her Verdict and Acquits Murder Suspects.

Special to The Courier.

SOMERSET, May 27.—For the first time in the legal history of Somerset county a woman juror voted to get a mistrial, while a justly entitled juror yesterday rendered a verdict of not guilty in the case of Marion Furusawa, James Rock, Joseph Rock, Philip Rock and Joseph Corporo, charged with slaying Joseph DeFranko and George Loberk at Bowell on April 13th, last.

The four defendants were identified by their victim, Mrs. Agnes DeFranko, widow of one of the murdered men. She swore she saw them kill her husband. Each of the defendants set up an alibi.

In nearly all murder cases in the history of the county, women have figured as the chief witness for the defense, but this is the first instance in which feminine testimony has not had weight with the jury.

LOCUSTS ARE DUE

Seventeen-Year Variety Expected in Payette, Say U. S. Experts.

Special to The Courier.

WASHINGTON, May 27.—Brond, 6 of the periodical cicada, commonly known as the 17-year locust, is expected to make its reappearance in Ohio, West Virginia, Virginia and Pennsylvania early in June. This is the second year in a row that 5 of these insects visited in the summer of 1898.

The insect, when it appears causes considerable damage to newly planted orchards and shade trees in this territory. The scientists of the Bureau of Entomology are therefore watching this territory where this insect is due to reappear for a very critical time.

The insects are due to appear again in 1925. The insects are due to appear again in 1925.

NO INSTRUCTION CAMP.

Company D Officers Won't Have to Go to Mc Gregor.

Captain J. C. Herwick of Company D today received word from Colonel Richard Coulter, Jr., announcing that the camp of instruction scheduled to have been opened at McGregor, Iowa, has been abandoned. Because so many of the regular army officers are on duty along the Mexican border, in Vera Cruz and elsewhere, or are being held ready for service, it was impossible to detail instructors for the Payette camp.

The Second Brigade will hold its regular summer encampment at Indiana this year, the date being from July 17 to 25. That will be the only trip for Company D.

He appeals for the festival to be held July under the direction of Miss Mary Stryker, supervisor of music. Patriotic airs such as will stir the hearts of the soldiers, will predominate on the program.

Many Students Will Go to Washington Over the B. & O.

The last excursion to Baltimore and Washington will be run tomorrow by the Baltimore & Ohio railroad. On account of the large crowds taking advantage of the excursion, it is probable that a special train will be run.

COKER FANS BOOST JAMES J. KEEGAN TO HEAD LEAGUE

Suggest Everson Man as President of Reorganized Circuit.

UNIONTOWN WANTS ALBRIGHT

Charleroi is Dropped and Four Clubs Will Unite the Season; Monongahela City Falls to Get Together and a Quiet Shift is Necessary.

Uniontown is boasting J. S. Albright, sporting editor of the Herald, for the presidency of the Pennsylvania-West Virginia league, but local fans would prefer James J. Keegan of Evanson at the head of the organization.

The local fans boosting Keegan state that they would not like to see him take hold unless the league means business. If the managers are really desirous of continuing throughout the season, they say, a man of Keegan's experience in small-town baseball would be well qualified for president. He has had a record success of his own.

It was said today that both games on Memorial Day may be played in Connellsville. An Uniontown fan has apparently sold cold on his league team and it is figured that two games here would draw better than if the manager's contest were staged at the county seat.

At a conference of representatives of Uniontown, Connellsville, Clarksburg and Fairmont baseball teams at Uniontown, it was decided to continue the Pennsylvania-West Virginia league with four clubs. Nothing was done to drop Charleroi and continue with the two Pennsylvania and two West Virginia towns where interest in baseball seems to be keenest.

The two remaining teams are engaged at the head of the circuit as a four-club circuit.

The managers are anxious to continue, for they have a good deal of money invested and they want to get some return for it. They also feel that the fans who stuck by them are entitled to compensation.

Connellsville is now constituted in the hardest hitting, best fielding club of the four, but the other three declare they will strengthen their teams so as to give the league leaders a real contest.

Falton is scheduled to play here today. This will be their first appearance in Connellsville.

Albright is to be the manager of the team, which is to consist of the former members of the New Haven. We also note that these managers shall not be confined to books and papers but the arm relate to the New Haven. In other words, the examination is to be worth anything, must be thorough. We want all the books and papers, or none at all."

CONFESSES PERJURY

Man Wants Atone for Wrong Done to His Father-in-Law.

Special to The Courier.

UNIONTOWN, May 27.—Claiming that he has been defamed for over a year, ever since he gave his false testimony against his father-in-law, who is now serving a sentence of 18 months for an alleged attack on his daughter, Frank Moizer, John Burgess of Uniontown, Ohio, has now sought an alibi for his lawyer.

The conference was arranged for the purpose of making plans for an examination of the books of the Morgan firm and the personal papers and accounts of the late J. Pierpont Morgan so far as they relate to the New Haven railroad.

We note that these examiners shall not be confined to books and papers but the arm relate to the New Haven. In other words, the examination is to be worth anything, must be thorough. We want all the books and papers, or none at all."

BOY SCOUTS ORGANIZE

Enough Boys Enroll to Form Two Patrols and More are Hired.

At a meeting of boys interested in the Boy Scout movement in the Young Men's Christian Association last night, it was decided to take active steps to organize a company here after the close of school. Enough boys between the ages of 12 and 16 years have enrolled to form two patrols and the company is to be organized in sight to form at least four patrols.

T. Baer, secretary of the Young Men's Christia Association is to be a scout master for four years and is well versed in the principles of the organization.

The boys who have already enrolled have offered their services to the Grand Army of the Republic on Memorial Day and will be on hand at the cemetery with drinking water for the veterans.

A COOLING RAIN.

Temperature Dropped Six Degrees After Downpour; Dust Scarcely Laid.

A shower of short duration cooled the atmosphere this afternoon about 2:30 o'clock though there was hardly any rain.

Just before the shower the temperature had risen to 80° one degree below yesterday's record of 80 degrees. After the shower, it fell to 82. Then it rose again.

KANSAS IS PROSPEROUS.

Former Resident of This Section Tells of Big Crop.

Kansas anticipates bumper wheat crop, according to a letter which M. Duane, a former resident of this section, has written. John M. Stauffer of Scottdale, Mr. Duane says the prospects were never better for a big crop.

In his letter Mr. Duane, who lives at LaCrosse, in Rush County, says his county alone will produce 6,000,000 bushels of wheat, and if sold today for delivery, delivery would bring \$4,500,000.

There are 212,000 acres planted in wheat in Kansas, and conditions, Mr. Duane writes, are perfect.

Summer Cars On.

The West Penn Railways company has put on summer cars on the main line at 1,65 feet during the night.

CITY WILL BE A BLAZE OF GLORY CONVENTION WEEK

Contracts Let by Firemen for Street Decorations; Thousands of Electric Bulbs to be Strung.

During the convention of the Western Pennsylvania Firemen's Association which will be held here in the week of August 10, Main and Pittsburg streets will be transformed into a blaze of glory. About \$1,200 will be spent in decorations, contracts having just been let to the O. B. Todd Decoating Company, the Pittsburgh Electrical Decoating Company, both Pittsburgh concerns, for beautifying the downtown streets. Representatives of the companies have been looking over the ground, preparing designs and novel displays.

About 5,000 colored electric light bulbs will be used in the electric displays, which will include the street from Franklin Avenue to Peach street, Main street, from Prospect to Eighth street, West Side, and Water street, from Church place to Peach street.

At Brimstone Corner a large arch will be erected and suspended from a pole, which will be a large fireman's shield.

Other street intersections will have especially designed electric arches and the city hall, West Side fire station Main street bridge and the convention hall will also have unusually attractive decorations.

The general plan will be entirely new and a week will be given to the contractors to do the decorating. Mr. Todd, representing the Todd company, says that Connellsville's display will be the finest he ever installed for a convention of this kind. It is understood that several private concerns will contract with the Rayfield company for private displays.

Practically all the decoration is going steadily forward under the guidance of an energetic committee.

SWIPED SHOE IS CHARGE

Irving Giles Falls to Hear Warning Sounded by Driver and Gets Mixed Up With Auto and Brewery Wagon; Machine Passes Over the Youth.

Two persons were run down by automobiles at different times on the West Side last night. Both escaped with bruises and lacerations.

While crossing to the north side of Main street, S. S. Giles, aged 60, walked directly in front of the automobile of James W. Butterman, which was going west at a good clip. Mr. Giles, who is quite deaf, was carrying a step-ladder under his arm and failed to hear the warning horn of the car, trying to avoid striking the aged man's foot. The car swerved toward Sixth street and as

WHAT IS OLD AGE?

Some Younger at 65 Than Others are at 40 Years.

Old age is not marked by years, but by the stiffened frame, the hardened tissue and arteries.

So many people whom you meet about the time they reach 40 begin by saying: "I can't do this, and I can't do that because I'm getting old now." This leads to a set old, feeble and they are older in appearance than many who are much more advanced in years.

When you begin to feel old, when your energy begins to fail build yourself up with our delicious cod liver oil and tonics. "Tinol." It is a wonderful blood-purifier and strengthener.

C. Oliver of Corinth, Miss., says: "I am 55 years old and my blood was very poor. I was in a run-down condition and felt that I must have tonic. Vinot was recommended and it built up my strength until I felt like a young man again."

DRUG CLERK TELLS HOW TO CURE INDIGESTION

Recommends to Sufferers the Best Stomach Remedy in Connellsville Today.

"It is a wonder some of us have stomach aches," remarks a young woman who works in a drug store. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just pep-sy mixtures that do not help food to digest in the stomach." They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the stomach aches, she continues. "When coming home we buy and use them until they are real chronic drags." When anyone really asks me what I eat, I swear by good old fashioned bacon. They do not taste good, but they digest quickly, sometimes too," he continued. "My own aunt had all kinds of trouble with her stomach. She would eat and sweetens that start fermenting contents of the stomach, and she would feel sick, sour rising, wind bloating, fullness etc. in just a few minutes and the stomach digest its food without help of any medicine. It is a good plan. Doctors make mistakes sometimes, too."
